

Total, But She Can't

Missy)
Mm hmp
Damn damn damn
Mm hmp
Mmm

(Keisha Intro)
He said
Maybe I be doin' it right
And I always give 'em my best
Mmm

(Keisha rap)
Is it the way that I twist my big hips
That make the Bad Boys all flip the script
I give my mini skirt a high lift
Look into his eyes and then I lick my lips

(Keisha)
When I'm in my room I need your concentration
I climb in my bed open my legs, ejaculation
Then I lay back to get in the perfect situation
You know what I'm sayin', never keep a girl like me waitin'
Don't keep me waitin'

Chorus

Bet she can't, do like I do it
Cause when I do, I throw my back into it
And if you doubt, me, let me prove it
Cause I can turn you out

Bet she can't, do like I do it
Cause when I do, I throw my back into it
And if you doubt, me, let me prove it
Cause I can turn you out

(Pam)
When I'm on the phone, I like to talk nasty
You can call me late at night, tell me what you want to ask me
What am I wearin', what is the color of my drawz
Am I better than your girl, I hit you with the yes yes ya'll

Yes yes ya'll

Chorus

Bet she can't, do like I do it
Cause when I do, I throw my back into it
And if you doubt, me, let me prove it
Cause I can turn you out

Bet she can't, do like I do it
Cause when I do, I throw my back into it
And if you doubt, me, let me prove it
Cause I can turn you out

(Kima)
I'ma give it to you boy, like all night
I'ma make sure I treat you right
I don't wanna be rude or impolite
But I bet your girl don't do you right

Chorus

Bet she can't, do like I do it
Cause when I do, I throw my back into it
And if you doubt, me, let me prove it
Cause I can turn you out

Bet she can't, do like I do it
Cause when I do, I throw my back into it
And if you doubt, me, let me prove it
Cause I can turn you out

(Keisha)

Bet she can't, bet she won't
But I will, if she don't
If she won't
I got the goods baby

Bet she can't, bet she won't
But I will, if she don't
If she won't
I got the goods baby
