

# Toto, Baby He's Your Man

Well it's 2 a.m.  
You're just getting in  
Soon you'll be creepin' into bed  
Later you'll pretend you were out with a friend  
But I'm still inside your head

I don't understand  
You say I'm your man  
When it's clear you're seein' another  
You can call me a fool for just loving' you  
But girl I'll never find another

If you think he'll love you better  
Your every wish is his command  
Baby he's your man

Baby he's your man

Well, you spoke your mind  
But I still can't find what's wrong with you and me  
I got something' to say  
And baby come what may  
Baby we were never meant to be

So I want you to know  
I can't let him go  
'Til find a love that's real  
I don't like this game  
I don't need this pain  
I'm just saying what I feel

I know he can love me better  
My every wish is his command

Baby he's my man

[Instrumental brake]

Now I know I should love you better

Oh, my every every wish is his command

Baby he's your  
Baby he's my  
Baby he's your man  
Baby he's my man
