

Toto, Good For You

If you're dreamin', son don't you rise, I never get lost, so deep into us
I won't give up until you give in, but I know you must realize

Chorus:

I could be good for you, you could be good for me too, yeah
I could be good for you, you could be good for me too

Everyone knows, but they don't know why, how much will a smile, you satisfy
Stars gonna shine, the way that you feel, so there is no reason, I wonder why

Chorus: I could be good...

Chorus: I could be good... (repeats 2x)
