

Toto, Isolation

I'm stranded here in a dream and there's no ticket back
I feel a cold wind blowin', my future looks black
You left me here and you've taken all my yesterdays
I guess to stand alone is the price that I pay
Now look what you've done to me
Because we just disagree
I'm out here alone and it's you that I'm waiting for

Can't go livin' without you, girl
It doesn't matter what you say or do, girl
Can't go livin' without you, girl
Isolation

I close my eyes and you're dancin' in the moonlight with me
I try to touch you, but you, you had to get free
I turned around and you're nowhere left in sight
I'm just a lone survivor, you know it ain't right
Now look what you've done to me
Because we just disagree
I'm out here alone and it's you that I'm waiting for

Can't go livin' without you, girl
You know that I'll be waiting here for you, girl
Can't go livin' without you, girl
Isolation

I remember holding you just yesterday
But you're memory is all that I have today
We were talking 'bout promises we once had made
But you never came back
Why'd you run away
(You ran away)

Can't go livin' without you, girl
It doesn't matter what you say or do
Can't go livin' without you, girl
Isolation
Girl, I'm so isolated
Can't go livin' without you, girl, oh
Girl, you know I'm gonna wait for you
Can't go livin' without you, girl
Isolation
