

Toto, Lea

Here's to the few. Who fared - my love
Only for you-I cared-my love
I've given it hope, and I know it's only you
Encased in silence

Here's to the you-who saved-my love
Only to you-I gave-my love
I've given it thought, and it's not all that appears

Lea, how long will you still want me to want you
In and around you
Lea-my concertina
Will you still want me to want you

Here's to the you-who dared-my love
Only with you-I shared-my love
I've given it though, and it's not all that appears
So I'm asking

Lea, how long will you still want me to want you
In and around you
Lea-my concertina
Will you still want me to want you

[Bridge:]
Who cares-what the cynics say
I care-if only you're on your way
Lea-don't let the same be true

Lea-do you still want me to want you [repeat out]
