

# Toto, Without Your Love

It's late at night  
Nothin's feelin' right  
Since you've gone away  
I think I know why you left this time  
But it's still hard to say

I nearly lost it  
When he came around you  
Now I'm holdin' it all inside  
And it's killin' me

We used to meet at  
An old caf down in Chi-Town  
At first you could hear the wind stop  
Then my heart would pound

I remember everything  
You used to do, girl  
Now I'm learning something  
That you already knew

It's not the same without your love  
Every night and every day, girl  
It's not the same without your love  
You don't have to be afraid  
It's not the same without your love  
Every night and every day, girl  
It's not the same without your love

I saw you through the door  
With your motor runnin'  
I can still hear the sound  
I knew then, when you asked him in  
You let your guard down

You're talking soft, don't tell me  
I know you're sincere  
I just called to tell you  
That I'm the only one here

It's not the same without your love  
Every night and every day, girl  
It's not the same without your love  
It's doesn't have to be this way  
It's not the same without your love  
Every night and every day, girl  
It's not the same without your love

It's not the same without your love  
Oh, every night and every day  
It's not the same without your love  
You don't have to be that way  
It's not the same without your love  
We just got to find a way  
It's not the same without your love

It's not the same without your love  
Every night and every day, every night  
It's not the same without your love  
It's not the same without your love  
It's not the same without your love
