

# Tove Lo, Attention Whore (feat Channel Tres)

It gets tough out there in Hollywood  
For me, in Hollywood  
All those broken dreams in Hollywood  
No sleep, just rendezvous

Feel the heat come off your skin  
Need your eyes on me to win

I, I mind  
When she looks at you in the way you look at me  
Why, oh why (Why, oh why)  
Do you look at her in the way you look at me?

I, I mind (I mind)  
When she looks at you in the way you look at me  
Why, oh why (Oh why)  
Do you look at her in the way you look at me?

Yeah, the freaks like Hollywood  
Yes, they do  
They like the attention  
I'm the new addition  
Baby wanna visit  
Yeah, I'm handsome

Can call, but can't get too close  
My homie ransome  
Stop  
Don't know what to say  
But tell me why  
You and your feelings  
She been choosing all night  
Now I'm on the floor and I'm next to you  
Rubbing our bodies (Bodies)  
Skin tight leather (Skin tight)  
Either now or never (Never)  
We should do this forever

I, I mind  
When she looks at you in the way you look at me  
Why, oh why (Why, oh why)  
Do you look at her in the way you look at me?

I, I mind (I mind)  
When she looks at you in the way you look at me  
Why, oh why (Oh why)  
Do you look at her in the way you look at me?

I'm an attention whore  
And I want what I'm asking for (What you asking for?)  
I'm an attention whore  
And I want what I'm asking for (What you asking for?)  
I'm an attention whore (Yeah, right)  
And I want what I'm asking for (What you asking for?)

I'm an attention whore  
I, I mind (I mind)  
When she looks at you in the way you look at me  
Why, oh why (Oh why)  
Do you look at her in the way you look at me?

I'm an attention whore  
Attention whore  
I'm an attention whore
