

Tove Lo, Glad He's Gone

Glad He's Gone

he's gone /2x
you're better off I'm glad that his gone

I got a girlfriend
she's got a boyfriend
she calls me crying every day
cause they got problems

he likes complaining
she's compromising
coming to me for real advice
when he's just playing

I can tell she loves him way too deep
he loves being fucking hard to please

cover the basics
it's pretty easy
he's a bitch with some expectations

did you go down on his birthday
did you let him leave a necklace
or did you show him all your crazy
blow him up on the weekends

did you give in to his ego
just to give a little confidence
I think you know it's time to let go

ma babeh

never no tears for the sucker
only one dick that's bummer
dancing all night get guys numbers
I'm glad that he's gone

babeh never no tears for the sucker
but never go dry this whole summer
wanna get over?
get under
I'm glad that he's gone

he's gone /2x
you're better off I'm glad that his gone

you and me under each other wings
but he spoiled everything
bitch I love you
he never loved you

hey, my babeh never no tears for the sucker
but never go dry this whole summer
wanna get over?
get under
I'm glad that he's gone

he's gone /2x
you're better off I'm glad that his gone
