

# Tove Lo, No One Dies From Love

We were so magical why end this way  
I know you're furious yeah just like me  
You got good reasons but I do too  
What really happened here I wish I knew

It escalated so fast  
We yelled things we can't take back  
It escalated too soon  
I know what they say  
I know that they say that

No one dies from love  
Guess I'll be the first  
Do you remember us or  
Are the memories too stained with blood now

I tried my best with you  
You claim the same  
Somehow we're strangers but share this pain  
Keep writing letters I'll never send  
Don't want you moving on when it's my end

It escalated so fast  
We yelled things we can't take back  
It escalated too soon  
I know what they say  
I know that they say that

No one dies from love  
Guess I'll be the first  
Will you remember us or  
Are the memories too stained with blood now

I miss all the cool things we'd do  
But what I miss the most is watching movies with you
