

# Tove Lo, NOt On Drugs

Shiny, happy, see my world in new colors?  
Higher fire, fly my rocket through the universe?

I'm up with the kites and I dream so blue  
I live in the sky, you come live here too  
I'm queen of the clouds, make my wish come true.  
I sing to the night, let me sing to you

Baby, listen please  
I'm not on drugs, I'm not on drugs,  
I'm just in love  
Baby, don't you see?  
I'm not on drugs, I'm not on drugs,  
I'm just in love  
You're high enough for me.

Lighter, brighter, pick the biggest stars I find  
And I'm trip, trip, tripping in my empire state of mind

I'm up with the kites and I dream so blue  
I live in the sky, you can live here too.  
I'm queen of the clouds, make my wish come true.  
I sing to the night, let me sing to you.

Baby, listen please  
I'm not on drugs, I'm not on drugs,  
I'm just in love  
Baby, don't you see?  
I'm not on drugs, I'm not on drugs,  
I'm just in love  
You're high enough for me.

You're high enough for me.

Baby, listen please  
I'm not on drugs, I'm not on drugs,  
I'm just in love  
Baby, don't you see?  
I'm not on drugs, I'm not on drugs,  
I'm just in love  
You're high enough for me  
You're high enough for me  
You're high enough for me
