

# Tove Styrke, Show Me Love

Show me love  
Show me what it really is  
Tell me with your fingertips  
Show me love

Sweet sweet love  
Whisper me your fetishes  
Kill me with your tenderness  
Show me love

I gotta make up for the nights I've wasted  
Dancing in the dark  
Need something more than my imagination  
Even if it breaks my heart

Keep me up  
If you're down  
Show me love

Make it good  
Baby tie me down no strings  
I don't need no fancy things  
Show me love

So so good  
All the other bitches die for it  
Go ahead and make me cry for it  
Show me love

I gotta make up for the nights I've wasted  
Dancing in the dark  
Need something more than my imagination  
Even if it breaks my heart

Keep me up  
If you're down  
Show me love

Sh sh sh sh show me love  
Wilder than your wildest dreams  
Weirder than your fantasies  
Show me love

Sweet sweet love  
Something I just can't resist  
Stay here for a while for this and  
Show me love
