

# Tower, Dark Room

I am the son of the sky  
I am the crucifix  
I am the cry  
I am the master of war  
A dark room is my world  
Life no longer turns me no  
Forget my friends  
War everyday...  
I love the death...  
I love the death...  
My dreams will turn in black  
Here time is unreal  
In a world of sorrow  
We're all one  
I am the son of the sky  
I am the crucifix  
I am the cry  
I am the master of war  
I see you, in your knees  
So blind if you pray  
Lost another day  
Get off your knees  
Do something for yourself  
I love the death...  
I love the death...
