## Tower Of Power, Unconditional Love

I used to be a part of lover Just drop in everyone since a while I had to do with undercover yes I did That was just my style Now I have the strangest feeling This love thats really got me really Everything we do is together This love I have for you is forever ooh Chorus: Unconditional love, unconditional That is what I have for you Heres my position of love, unconditional Love is what I have for you Never care about tomorrow I only thought about what I could get today I left behind a tread of sorrow hm That was just my way Still it didnt even come close To feel in up that all and my soul Now I had a change apart Girl I hope that we will never apart Chorus You love me I love you And thats the way its falls to be Together forever from now to eternity Chorus Fade out
