

Toy Dolls, I've Got Asthma

I've got asthma and I can not breath
can't breath at all!

I've got an inhaler with me
I am choking and my face is blue
blue and it's getting worse!

I think I will have to lie down... coz

[Chorus:]

I've got ASTHMA yeah I've got ASTHMA
yeah I've got ASTHMA...

I've got asthma and I am wheezing
wheezing like mad!

I don't think I will sleep tonight

I think I'll reach for my inhaler

Good idea!

I hope it makes me feel better... coz

[Chorus]

My inhaler needs a refill

what shall I do?

the Chemist is not open yet

blue face, can't breath and I'm still wheezing

dear me! dear me!

I just do not know what to do... coz

[Chorus]
