

Toy Dolls, She Goes To Finos

Every night I know that she goes to Finos,
and every night I know that she see's him
Every night she holds him tight at Finos
and everynight it's alright for him...

[Chorus:]

and she goes... La la la la la la la to Finos
yes she goes... la la la la la la la with him,
and she goes... La la la la la la la to Finos
yes she goes... la la la la la la la...

Every night I try to get into Finos
and every night they just won't let me in,
and everynight I watch him meet her at Finos
and every night it's alright for him...

[Chorus]

One of these nights I'm gonna get into Finos
and one of this nights I'm gonna make her see me,
and every night I'm gonna get into Finos
and everynight will be alright for me...

[Chorus]
