

# Toy Dolls, Worse Things Happen At Sea

It's not the first time somebody has had the flu,  
Remember when you had toothache...  
A hot lemonade will help the sneezing so,  
You will have to stay happy...

[Chorus:]

Remember...

Worse things happen at sea,  
Keep dreaming of better days...  
Keep dreaming of better days...

I know it's crap when there's something in your eye,  
Think yourself lucky you've not got a bad back,  
It's pretty sore when you have a mouth ulcer,  
But you have got to stay happy...

[Chorus]

I know it's sad when your face is acne,  
But don't be put off by some yellow spots,  
So you got a toenail that's growing in,  
You have got to stay happy...
