

# Trace Adkins, Aint' No Woman Like You

Ain't no ride like a 65 Mustang  
Ain't no cool like James Dean cool  
Ain't no man alive tough as ol' John Wayne  
And ain't no woman like you

Ain't no rose like the yellow rose of Texas  
Ain't no freedom like the last day of school  
Ain't no whiskey like Tennessee Whiskey  
And there ain't no woman like you

I ain't been around the world  
But I've been around the block  
Don't claim to know it all  
I just know what I got  
Something I've never had  
And I ain't gonna lose  
No baby  
Ain't no woman like you

Thought I knew sweet  
Til I tasted your kisses  
Thought I'd been moved  
Til I saw you move  
Thought I knew love but now I know what I was missin'  
'Cause there ain't no woman like you

I ain't been around the world  
But I've been around the block  
Don't claim to know it all  
I just know what I got  
Something I've never had  
And I ain't gonna lose  
No there  
Ain't no woman like you  
Ain't no other woman

Ain't no sound  
Like a wide open Harley  
Ain't no blues  
Like the Memphis blues  
And baby by the way did I forget to mention  
That there ain't no woman like you  
No there ain't no woman like you  
No other woman  
Ain't no other woman like you babe  
You're the only one
