

# Trace Adkins, There's A Girl In Texas

When I rode out of Dallas  
Chasing down a dream  
I thought I knew what I was looking for  
But the neon nights have blinded me  
'Til I'm lost in Tennessee  
Not sure I know who I am anymore... but  
There's a girl in Texas  
There's a girl in Texas  
There's a girl in Texas  
That does  
You're a truly lovely lady  
And you sure light up the night  
I'm a lonely man but I'm leaving here alone  
I won't try to lie to you  
About this heart of mine  
That I can't give, that I don't really own... cause  
There's a girl in Texas  
There's a girl in Texas  
There's a girl in Texas  
That does  
If this dream that I've been chasing  
Ever sets me free  
And I wake up to find it don't need me  
There's a girl in Texas  
There's a girl in Texas  
There's a girl in Texas  
That does  
Yes, there's a girl in Texas that I still love
