

Tracie Spencer, Love To You

I don't care what it takes
I don't care what you do
Just as long as I get the chance to
Make love to you
(Repeat)

So cold, lonely night
I need somethin' special inside
I'm ready to control
My desire won't let go

I don't care what it takes
I don't care what you do
Just as long as I get the chance to
Make love to you
(Repeat)

Touch me - It's alright
Let me bring you heaven tonight
& love me till you cry
Screams of passion - Call my name

I don't care what it takes
I don't care what you do
Just as long as I get the chance to
Make love to you
(Repeat)

Even though the look in your eyes
Just turns me on, babe
My shining star
My dream come true
Baby just come to me
& I'll doo everything
Make it go on & on again
I wanna love ya baby
Te quiero nocho este noche
Just touch me

I don't care what it takes
I don't care what you do
Just as long as I get the chance to
Make love to you
(Repeat to end)
