

Tracie Spencer, Too Much Of Nothing

I've got plenty of clothes to wear
Diamonds and jewels so rare
I've got money and cars but that's not
Enough for me

Something is missing in my life
One thing I know can make it right
If I could only get my hands on it
But all I've got is

Chorus:
Too much of nothing
And not enough of a good thing
I'd rather have love than most anything
Too much of nothing
And not enough of a real thing
I'd rather have love

I've been on a cruise around the world
I've seen buildings made of gold
I've got more than the average girl
But still it's not enough

Something is missing in my life
One thing I know can make it right
If I could only get my hands on it
But all I've got is

Chorus

Bridge:
It's not enough, it's not enough
It's not enough, no, it's not enough

Chorus
