

# Tracy Bonham, One Hit Wonder

They call you the one hit wonder  
If I could just hit you right  
Yeah, right between  
Yeah, right between your eyes  
If ever a girlie wonder  
Could ever be more than just  
One thing, yeah more  
Than one thing at a time  
Huh, time  
More than one at a time  
I give you my four leaf clover  
'Cause God only knows that is  
The only one  
The only one of mine  
And you'll hear it over and over  
Until it is built right in  
Yeah, right into  
Your filthy little mind  
Your mind  
Yeah, right into your  
I own the world  
I bought the whole damn world  
From the man who sold the world  
A million dollar caddy world  
So could you just bend right over?  
To see how it feels to be  
To see just how it feels  
To be alive  
And you'll get it over and over  
'Cause God only knows  
That is the only one  
The only one of mine  
Of mine  
The only one of  
I own the world  
I bought the whole damn world  
From the man who sold the world  
A million dollar cranky world
