

Tracy Byrd, Good Ol' Fashioned Love

(Mark Nesler - Tony Martin)

The kind of love that I've been looking for
I'm not sure they make it anymore
It's easy to fall for a pretty smile
It works real good for a while
Yill the new wears off
And it starts to fall apart.

Want a well made out of style, good ol' fashioned love
The kind that stays together when the going gets tough
I don't want a new love they just don't last long enough
I want a well made out of style, good ol' fashioned love.

I know it's a rare thing now to find
But I just don't want any other kind
A love like that's worth the sacrafice
If the heart's been broken I can fix it up
All I need is someone like me.

Want a well made out of style, good ol' fashioned love
The kind that stays together when the going gets tough
I don't want a new love they just don't last long enough
I want a well made out of style, good ol' fashioned love.

I want a well made out of style good ol' fashioned love...
