

# Tracy Chapman, I'm Ready

I want to wake up and know where I'm going  
Say I'm ready  
Say I'm ready

I want to go where the rivers are overflowing and  
I'll be ready  
I'll be ready

I'm ready to let the rivers wash over me  
I'm ready to let the rivers wash over me

If the waters can redeem me  
I'm ready  
I'm ready

I'm ready to let the rivers wash over me  
I'm ready to let the rivers wash over me

I want to wake up  
I want to know where I'm going  
I want to go where the rivers are over-flowing

I'm ready to let the rivers wash over me  
I'm ready  
I'm ready ...
