

Tracy Chapman, Save A Space For Me

Save a place for me
Save a space for me
In your heart
In your heart

Save a place for me
Save a space for me
In your heart
In your heart

If you wait, I will come for you
If you wait, I will come for you
If you wait, I will come for you
If you wait, if you wait, if you wait

If you wait, I will come for you
If you wait, I will come for you
If you wait, I will come for you
If you wait, if you wait, if you wait

Save a place for me
Save a space for me
