

# Tracy Lawrence, I Got A Feelin'

I'm out here stranded on this Oklahoma Road  
Nothing but a broken truck heat and dust and a million high line poles  
If only I could tap the line I'd be just fine if I could talk to her right now  
Cause there's a voice inside of me that's saying something's wrong  
Cause I've tried a hundred times and a hundred dimes to reach her on the phone  
And like the sun my hearts sinking cause I'm thinking it don't matter anyhow  
I got a feelin' she ain't feelin' what I'm feelin' anymore  
I got a sneakin' suspicion love is walkin' out the door  
Now I'm dealin' with a heartache like I've never felt before  
And I got a feelin' she ain't feelin' what I'm feelin' anymore  
[ guitar + steel ]  
I like this ramblin' life but what a price to pay  
To think I'd let a dollar sign and a diesle whine drive her love away  
I've got a real premonition she ain't missin' me as much as I miss her  
I got a feelin' she ain't feelin'...  
[ guitar ]  
I got a feelin' she ain't feelin' what I'm feelin' anymore
