

# Tracy Lawrence, I Hit The Ground Crawlين'

It's true I lied I cheated and the truth is that ain't all  
While you were thinking of me I was busy thinking of myself  
I never gave and I took all I needed running wild until you walked  
And since you left if you're wondering where I fell  
Well I hit the ground crawlين' I heard your memory callين'  
And I can see from the bottom of this bottle I'm clinging to  
That the reason you're long gone is that I treated you so wrong  
But I hit the ground crawlين' right back to you

[ guitar ]

To get us back together I'll cry I'll beg I'll bend  
I swear I've learned my lesson darling don't give up on me  
Cause the nights go on forever will the heartache ever end  
Can't stand to live without you I'm begging on bended knees  
Cause I hit the ground crawlين'...  
Yeah I hit the ground crawlين' right back to you
