

Tracy Lawrence, It's Got You All Over It

Today my radio played a new love song pretty soon I was singing along
When the chorus came around I knew every word every line was written about you
It's got you all over it like a sweet melody that you can't forget
Reminds me of the love I'm in it's got you all over it

[fiddle]

From this ear-to-ear grin on my face to this feeling that makes my heart race
Even in the dreams I dream at night

Well I guess you could say I've got a one-track mind

It's got you all over it...

[fiddle - steel]

It's got you all over it...

It's got you all over it...

[fiddle - steel]
