

# Trademark, Don't Want To Live Without Your Love

Here we're again  
Two lovers crossed with so much unspoken  
I can't pretend I'm not afraid  
Of what we have broken  
Baby, after all this time  
Do we still say goodnight  
Or does it mean goodbye

Don't want to live without your love  
My heart would never survive  
It hurts too much to give you up  
NO, I don't want to live without your love

I believe in you  
I'm not a fool who gives up hopin'  
Girl I refuse to throw away  
All the memories we've made  
Baby, can't we compromise  
Get thru this night  
Try to keep our dream alive

(Chorus)

I see you slipping thru my hands  
Thsi ain't the way that I planned it  
Girl, I'm trying to understand it  
Can't we start all over again...

(Chorus)
