

Trademark, Moving On (Up Down)

(Come on yeah - everybody)

Move your body

Cause I want you to be mine

Shake your body

Let me take you for a ride

Move your body

And I make you feel alright

Shake your body

(*)

Yes I promise to

Be the one for you

And I take you high

CHORUS

Up down moving on

Shake your body all night long

Up down moving on everybody

(come on everybody)

Chorus

Move your body

Baby I want you by my side

Shake your body

Lady can't you see the love

Move your body

Babe I make you feel alright

Show your body

(*) & Chorus 2X

My pac is ready

When I make my move

Can you shake your body

Oh it's time to groove

Your sense is up

The pressure's down

When I take you to the level

That has never been found

I make the party

Shake the party

My good mood strong

Till the break of dawn

Pound for pound

Round and round

Up and down

Up and down

(*) & Chorus
