

Trademark, Standing On The Edge

Take me to the river
Take me to the top of the world
Take me to the ocean
Gonna take you down in
diamonds and pearls

(*)

And your love's driving me insane
Make me smile in the pouring rain
Lay me down in the bed of roses
But never never let me go

CHORUS

Standing on the edge of a heartache
Standing on the edge of my life
Everybody needs some loving
Deep inside I need you over and over (again)

Chorus

Try me in the morning
Try me late at night on the phone
Try a little harder
I try to rock you down to the bone

(*) & Chorus 2X
