

Trademark, Talk

Break down - break down
The wall for the very first time
Break out - break out
Your heart I'm feeling just fine
I'm gonna need you tonight
I'm gonna treat you alright
Take me - take me
Again I am waiting for you
Take off - take off
With me cause my feeling are true
I wanna feel you tonight
I wanna hold you so tight
Talk - talk - talking me crazy

You talk - talk - talk all the time
Talk - talk - talk to me baby
All I wanna hear is
All I wanna do is
talk - talk - talk - talk - talk
Touch me - touch me
Tonight I am so loosing my mind
Touch down - touch down
And stay you are one of a kind
I'm gonna miss you tonight
I'm gonna kiss you al right
