

# Trading Yesterday, For You Only

Blinding darkness surrounds me  
and I am reaching for you only  
this hopelessness that drowns  
all that I believe  
will be the one thing that I need  
for you only.  
there's a hunger it's slowly growing  
chasing shadows but never knowing  
if all that I have done  
is keeping me from you  
than can the arms of mercy bring the rescue  
to return to you  
but I'm so far  
but I'm so far  
But I'm so far  
so far from home  
so far from home  
keep on running,  
farther, faster  
and keep on searching  
for this haunting has an answer  
and I know you will find me in orbit  
for I am breathing only for this  
for you only  
for you only  
for you  
but I'm so far  
But I'm so far  
but I'm so far  
so far from home  
so far from home, yeah  
I am so far, so far  
so far from home.  
so far from home
