

Tragically Hip, The Last Of The Unplucked Gems

Violins and tambourines

This is what we think they mean

It's hard to say, it's sad but true

I'm kinda dumb and so are you

When the mystique varies thus

You can send a man to bury us

It's hard to say, it's sad but true

I'm kinda dumb and so are you

The last of the unplucked gems

The last of the unplucked gems

The last of the unplucked gems

The last of the unplucked gems
