

# Trail Of Tears, Point Zero

Hear the madman scream  
As the pain whistles within  
See the madman's face  
As he understands

From the left to the right to the front  
Only to remain at point zero  
From the depths of perversion  
He watches as time draws near

Hear the madman scream  
As the pain whistles within  
See the madman's face  
As he understands
