

# Train, Let It Roll

Tried to write a letter  
To tell you how I feel  
But all I kept on writing  
Was slipping on the tears from the day  
When I was young and brave  
Now all these hotel lobbies are filled with what's to me  
Lonely midnight drivers  
Drifting out to sea  
And all those late night lovers  
Don't make things better to me

So let it roll into me  
Let it roll into you  
Let it roll into me  
Let it roll back into when I had you

So I'll watch the snow come calling  
And I'll celebrate the spring  
I'll feel the falls keep falling  
And when the summers come  
I will pretend that I don't notice  
That this is when I notice most of all

So let it roll into me  
Let it roll into you  
Let it roll into me  
Let it roll back into when I had you

And all you ever wanted for me  
Was the time to understand  
And all I ever wanted for you  
Was to see me shining for you  
And I wish that I could be back in the day that I could say

Let it roll  
Let it roll into me  
Let it roll  
Let it roll into you  
Let it roll back into when I had you
