Bridge

Hey Superfly  
Give this lonely girl a try  
There's no need to be shy  
'Cause your my kind of guy  
Now I'm weak at the knees  
And I'm begging pretty please  
Won't you be mine...

Oooh oooh, aaah aaah  
Oooh oooh, aaah aaah

Chorus

So damn fine  
And I love you one time  
So damn fine  
And I love you, love you two times  
So damn fine  
And I love you three times  
So damn fine  
And I love you (love you)

Hey babe whatcha you say  
You and I go somewhere quiet  
'Cause you know I can't deny it  
I want you and I just can't hide it  
Hey boy let's enjoy  
This while we got the chance  
Got the perfect Circumstance  
So c'mon and show me how do dance

Bridge

Chorus

Hey you  
How do you do  
Make tonight as sweet as honey  
Cause you got me feeling funny  
Butterflies buzzing in my tummy  
Hey darling  
Think I'm falling  
Head over heels tonight  
In love at first sight  
Taste it from the first bite

Bridge

So damn fine  
And I love you one time  
So damn fine  
And I love you, love you two times  
So damn fine  
And I love you three times  
So damn fine  
Wanna make you mine

So damn fine  
And I love you one time  
So damn fine  
And I love you, love you two times  
So damn fine  
And I love you three times

So damn fine  
So damn fine
