

Tralala, All Fired Up

Boys 'n girls are all fired up
Boys 'n girls are all fired up
Whole world's shakin' breakin' baby and we're all fired up
("repeat verse")

Come on, look around
The heat is spreading all over the town
Gonna burn so hot, gonna burn all the way to the ground
("repeat")

Boys 'n girls are all fired up
Boys 'n girls are all fired up
Whole world's shakin' breakin' baby and we're all fired up
("repeat")

You know what we're gonna do
There'll be nothin' left when we're through
Hang on, baby, 'cuz tonight it's me and you
("repeat")

Boys 'n girls are all fired up
Boys 'n girls are all fired up
Whole world's shakin' breakin' baby and we're all fired up
("repeat")
