

# Trance To The Sun, Force Behind The Wheel

I haven't seen you for sometime,  
I almost forgot that you were mine  
we can go in your car down the road with bats and stars  
do you forgive me for going down gravel roads without you?  
but now you're here and we can leave  
on twisting road with naked trees  
remember when we tried to make it rain  
remember all of the silent pain  
you  
you  
I never forgot you  
together again against the moon and the wind  
nothing to stop us on the winding road  
but you see my eyes have begun to erode  
from the tears  
it will never be the same  
I'm sorry  
were both insane  
I'm sorry you have to hear me  
do you forgive me for going own gravel roads with out you?  
but it's okay cause now you're here  
and we can leave on a twisting road with naked trees  
we can go in you car down the road with bats and stars  
we can leave!  
as long as you believe  
do you remember how we tried to make it rain?  
you know I'm sorry  
I don't think it rained  
you know I'm sorry that were both insane
