

# Trance To The Sun, Homewrecker

Oh my love  
Kill me here  
Before I wake  
Know your true  
Who could know  
Aborted bride  
Lost my friend  
Bought a cat  
Drank too much  
Spilled my soul  
You'll not be anything but happy happy happy  
Face the dawn  
With half closed eyes  
Bloodshot eyes don't close like yours do  
Buy a drink  
We've both been there  
Bloodshot eyes don't close no more  
Bloodshot eyes don't close like yours do
