

# Transatlantic, All Of The Above

In a state of fallen grace  
With a smile upon its face, IT CAME !  
Full moon rising today

Like a child but fully grown  
Like a star but not so far away !  
It came here to take me away

This has never been before  
While the sun burns bright as day  
Light the sky - hold back no more  
Let the full moon rise today  
Full moon rising today

So there I was with my complaints  
In the comfort of my restraints I stayed  
I stayed and had nothing to say  
But there it was returning for my eyes  
Like a fire that's been burning up the sky  
Full moon rising today

This has never been before  
While the sun burns bright as day  
Light the sky - hold back no more  
Let the full moon rise today  
Full moon rising today

===II: October Winds===  
&lt;/lyrics>  
There's a town I used to know  
There's a place I used to go to play  
Laughin' all the way  
Never thought of where I'd been  
Autumn wind came creepin' in one day  
Now summer's gone away  
Summer's gone away ..... hey

When October winds lay down  
When the heat can't melt the ground  
And nothing matters anyway  
When October winds take hold  
When you're down that dank dark road  
Maybe nothing matters anyway  
&lt;/lyrics>

===III: Camouflaged In Blue===  
&lt;/lyrics>  
Dead on your feet you walk like no one's home  
Out on the street you make your way alone  
Soldier of fortune camouflaged in blue

Dawn turns to dusk you sail away in doubt  
Love turns to lust you've turned it inside out  
Soldier of fortune camouflaged in blue (but I know you)

All that you are is not the things you do  
You know it's true  
All that you are is camouflaged in blue  
You know it's true

Dead on your feet you walk like no one's home  
Out on the street you make your way alone  
Soldier of fortune camouflaged in blue

But I know you now
