

Transplants, Gangsters & Thugs

Gangsters and thugs
Criminals and hoods
Some of my friends sell records, some of my friends sell drugs

Gangsters and thugs
Criminals and hoods
Some of my friends sell records, some of my friends sell drugs

You stand by me
I stand by you
If there is a fight I'm the one to come to
Good and bad times we've been through
You got my back and I got yours to
All my life you are in my crew
I'd do anything for you
Beat someone black and blue
Black and blue I'd do anything for you

Gangsters and thugs
Criminals and hoods
Some of my friends sell records, some of my friends sell drugs

Gangsters and thugs
Criminals and hoods
Some of my friends sell records, some of my friends sell drugs

Try to tell 'em leave us alone
Still ridin with them fellas down that unknown road
No tell 'em leave us alone
Wouldnt listenin
No more b*****
Leave 'em all on the floor
I know
You think its money
Your dead till it hurts
Thats why I still got that needle and I still got that works

Tomorrow aint promised
I'm smokin today
(Confusing line)
And I'll be on my way

Gangsters and thugs
Criminals and hoods
Some of my friends sell records, some of my friends sell drugs

Its official I'm destined to fail
I aint tryin to get yo case
I got no money for bail
I'm hurt, I'm in the ER before New Years Eve
Said theres nothing we can do so we suggest that you leave
Dirty G's Joint they dont give a damn
Thats a brake, and i'm a scale, break it down into grams
They said you came so close to losin now I swear thats the truth
Same s*** different day man I swear whats the use

Its a different day, with good intentions
I got dirty with two prostentions
I make a living aint got no pension
For transcriptions for my life on tension
The world is mine, no limit I can do it
Every drama in life I've been through it
Even if I couldnt, I blew it

Regret it, move on I say f*** it

Gangsters and thugs
Criminals and hoods
Some of my friends sell records, some of my friends sell drugs

Gangsters and thugs
Criminals and hoods
Some of my friends sell records, some of my friends sell drugs
