

Trash Money, Monkey See

Down by the tyres
The sweet swinging tyres
Watering hole
With water in eyes
Scratching your arse
While the flies hurry by
Mimicking living
And waiting to die

Monkey see, monkey do, monkey see monkey do
You never learn anything do you?
Never learn anything do you?

Don't give 'em cocktails
It just makes 'em sing
Unhappy hours
With cider and gin
Elephants leaving to come back for more
Under the table and under the floor

Monkey see monkey do

Summer comes in with a drink in his hand
Barrels of monkeys are joining our band
Winter comes in with a gun in its back
You dont stand a chance when you're drunk in the sack

Drink yourself dry
Here's mud for your eye
Drink yourself clever
Drink yourself forever
Take off your clothes and be one with the dirt
You'll always be naked, always be hurt

Monkey see monkey do, monkey see monkey do
