

Trauma, Spiritual Disorder

Take look at your back
Maybe you see the shadow
Loosing
Your mind
Just before next corner-feel
Feel fucking weakness
Fear in your eyes
Darkness!
Darkness in your soul
Fear!
This is real world
Hungry wolf in every move
I spill your blood
The ignorance of society
Is my strongest weapon
Tell me, tell me, tell me when you want to die
Tell me, tell me when you want to die
Fear in your eyes
Darkness in your soul
This is real world
You wish of death
You pray for death
The sociopath is my name
Angry for everything around
I'll take you to my hell
[lead: Mister]
You think you're so great
Look at the mirror
You're familiar with me
In every wry face
I see the smile of hungry demon
I see the smile of hungry demon
Fear in your eyes
Darkness in your soul
This is real world
