

Trauma, Swallow The Murder

Could I kill my brother?
How is it to take someone's life?
What does the victim feel then?
Do these questions make sense?
Swallow the murder
We slay for ages
Kill each others
Justified by authorities
By the alleged rightness of the case
Slay the unborn
Slay for pleasure
Slay for money
Slay naturally
Taking someone's life
Is like swallowing your own saliva
Crusades were once lead
Now wars are daily bread
Fanatics level off
These followers of violence
Another shot is fired
Just around the corner
Yet another manslaughter
Swallow the murder
