

# Travis Scott, A Man

Yeah, like  
Niggas be actin' like act like, a lil' d  
Ooh, ooh, ooh, ooh  
Every side wanna fuck with this, it's dirty South  
Only dirty South gonna fuck with this  
You hear this shit boy?  
Fucking up these stages  
Fucking a girl up and you know how he rap  
Throw this shit up, nigga

I'ma, I'ma try to drop

People tryna say I'm only into me  
Got a code with my dawgs, can't get in between  
I can't give 'em life, no more energy  
A man, a man

Spent 'bout sixty on the time, I can't even lie  
No way in, no way out, this shit do or die  
So I roll, when I roll, must be suicide  
A man, a man (Yeah)  
I can't rock Benz, I don't do peace (Yeah)  
I'll beast, I'll beast, I gotta eat (It's lit)  
Sabertoothed tiger, diamond two-teeth (Straight up)  
Rocking right now, won't you come peek (Alright)  
P was outside, P was outside (P)  
The way that ass shake, leave your mouth wide  
You need to say grace 'fore you say thanks (Yeah)  
A man, a man (Yeah)  
What's left in my life? Don't know what's in store  
I've been dealing with these blessings that I can't ignore (Ooh-ooh)  
Putting up the numbers, we ain't keeping score  
A man, a man  
I get on the block, wit' it in my sock  
Running in the house 'fore it's twelve o'clock (Yeah)  
Yeah, the hood love me, but you gotta watch  
A man, a man (Yeah, yeah)  
I just popped three, I don't do sleep, yeah  
Tryna shoot a scene, make a movie, yeah (Straight up)  
We gon' fall through, coming through deep (It's lit)  
A man, a man (Yeah)  
Yeah, packed up from the South, moved into the West  
Iced out logo on the cross, threw it on my neck, yeah  
When I rep the set, gotta stay blessed, yeah (Bling)  
A man, a man (Bling)

People tryna say I'm only into me  
Gotta code with my dawgs, can't get in between  
I can't give 'em life, no more energy  
A man, a man

Man, fuck what it meant to me  
Everybody tryna take that identity  
Everybody around me turned to a fr-enemy  
Sit back while I sip on the remedy  
I cannot let it get into me  
It's playing a toll on me, mentally
