

# Travis Scott, Impossible

You the one, you know me the best  
You the one I call when I'm stressed  
This the time of the year I feel alone  
This the time of the year you treat me wrong  
Yeah, this the late night, you know the deal (Deal)  
On a late night, nowhere to chill  
Yeah, I'm on the west, yeah, I'm on the west side  
Off the drugs, know I'm not the best guy  
But you know I always get it done, yeah  
You done had all of the rappers, I'm the one, yeah  
Ain't gon' lie, I remember how it feels, yeah  
I ain't gon' lie, I'ma tell you this for real  
(What)

Split a pack of the woods down  
Ride with me, yeah, you wish you could now  
Always come and go and never fail  
It was never love, I can tell now  
She pop 'em up, Blue Chanel just to get it up  
Parking lot full of foreign hoes on the regular  
With them painted toes in them heels  
Let's go find a place that's far from here, for real

Far from here

Nights like this, nights like this, I wish I could do the impossible  
I wish I could do the impossible  
Nights like this, nights like this, I wish  
I could do the impossible, I could do the impossible

Yeah you the one, you know me the best  
You the one I call when I'm stressed (This the time)  
This the time of year when I'm alone  
This the time of the year we get our own  
I can't lie when I'm out on the west  
Yeah, the west, yeah, yeah, the west side  
And lately, I ain't been feeling the best  
'Cause you the best, yeah, you my best side  
Now you know what you're dealing with  
Now you know what's wrong, what the feeling is  
Yeah, yeah, yeah, yeah, yeah  
Rastas rolling in Benz up in here  
Bandits poppin' them bars up  
Man don't run up the bands up make them gun claps in here  
No fear, no fear, you rock, I hear  
I'm gon' let you know that the man is for real  
Yeah, for real

Far from here

Nights like this, nights like this, I wish I could do the impossible  
I wish I could do the impossible  
Nights like this, nights like this, I wish  
I could do the impossible, I could do the impossible

You already (Yeah) know right? That you are irreplaceable (Irreplaceable)  
And I'm gonna take it slow, baby (Baby)  
You already know right? That you are irreplaceable (Irreplaceable)  
And I'm gonna take it slow, baby (Baby)

Yeah  
I wish I could do the impossible  
I wish I could do the impossible  
I could do the impossible
