

# Travis Scott, Money, Power, Respect

It's lit

Money, power, respect, eatin' breakfast on a jet (yeah)  
We got cash to get, carats hangin' from my neck (it's lit)  
Money, power, respect, quit the talkin', cut the check  
Every time they see us flex, they get so upset, yeah (straight up)  
Money, power, respect, eatin' breakfast on a jet (yeah)  
We got cash to get, carats hangin' from my neck (yeah)  
Money, power, respect, quit the talkin', cut the check  
Every time they see us flex, they be so upset (yeah)

Thousand dollars on me, I've been going all week  
Diamonds, all my drugs, nigga, I can't get no sleep  
I just want some love, I've been going way too deep  
Falling on my mouth, bank can't give me no more weight  
Top play, ayy, they haters, young nigga tryna say shit  
Big dog conversation, big ice revelation  
Rolex rollin' on my piece, I been going fine all week  
Yeah, I designed my feet  
I fucked around and smashed your niece  
Man, they hate, why they can't relate, yeah  
Light skin niggas, they just stand and pay, hide away, yeah  
I've been going ways  
Up all my coats and going away  
Every time, even family time, it take no place, yeah

Money, power, respect, eatin' breakfast on a jet (yeah)  
We got cash to get, carats hangin' from my neck (it's lit)
