

# Travis Scott, Nightcrawler

Ooh, ooh, ooh  
Ooh, ooh, ooh-ooh-ooh  
Ooh-ooh-ooh, ooh, uh

Did you have the time of your life?  
Let's have the afterparty at my place  
Ayy, do you have some spare change?  
On me, I've got hundreds I'll throw in your face

Yeah, order more bottles, order more models  
Order more hours, shots on an island  
Hotter than the summer, the winter couldn't chill me  
Young, free, and wildin', order more kidneys

Dope, I'm so dope  
All these hunnies pilin' on the floor  
And we stuntin', know you see the glow  
Throw these hundreds, thought I'd let you know  
Since LA, I've been puttin' on  
Cirque du Soleil, goin' on and on  
I got this money, tell me what you want  
For this money, can you drop it low?

Yeah, order more bottles, order more models  
Order more hours, shots on an island  
Hotter than the summer, the winter couldn't chill me  
Young, free, and wildin', order more kidneys  
Mm, when the night calls, oh-oh-oh  
When the night calls, oh-oh-oh  
Yeah, order more bottles (Order more bottles)

Freaks come out at night  
We bring our fantasy to life  
Point me to the ice  
And I don't need your drink, high off life  
Uh, someone kill the lights  
I brought the party favors, just get piped  
All my bitches right  
But I want you and you tonight

Yeah, order more bottles (Order more bottles)  
Order more models (Order more models)  
Order more hours (Order more hours)  
Shots on an island (Shots on an island)

When the night crawls  
All the money, all the hoes, and the alcohol  
All these hundreds and these thousands, I'ma spend it all  
Always when the night calls  
When the night calls  
We want money, we want hoes, we want alcohol  
All these hundreds, all these thousands, I'ma spend it all  
Always when the night calls
