

Trax, Scorpio

I don't give a fuck if they wanna suck
cause there's nothing left to crack
connect the dots disconnect the lines
let's shine like scorpio in the sky
Kiseki no relexion
chiheisen ni kieru made
Barabara ni kowareta garasu mitai ni kagayaite
yoruo kazarou like shining stars yume no kakerachiri bamete
Scorpio [Japanese Version]
Let's leave it all behind
so fuck that deadline
let go!
Beautiful green orange sunshine
or do I wanna shine like G-fucking XXX
A to D to D to A
try to find the way to the milky way
Kage to hikari ga koroshiatte
asagakuru sono toki made
Barabara ni kowareta garasu mitai ni kagayaite
yoruo kazarou like shining stars yume no kakerachiri bamete
Eien no yume mite tobidatsu toki
hoshi ga nagareru sasoriza no sora no mukouni
Barabara ni kowareta garasu mitai ni kagayaite
yoruo kazarou like shining stars yume no kakerachiri bamete
Let the world break me down as if I care
I've got nothing to lose
like shattered glass flying to pieces
I'm already torn
but there's a way to shine if there's a will
Woke up and hated life
wanna feel it what it's like
