

Trax, Without You

1st verse

Even though you are very far away
She is the one who followed me everywhere
I always walked by her side
This is like a miracle
And it is so easy to miss
In this world, everywhere I go
I can feel you next to me
As long as we breathe, I am not alone
The one who changed my life
Is you

2nd verse

Before all beautiful things start to disappear
I would like to see them again
The wind will carry me to unexpected places
So I don't know where I will end up
In the end, you are always there
As long as we breathe, I am not alone
The one who made me live forever
Of course
My life is like this hot sun
I can see anywhere, and I may live a very long life
In this world, everywhere I go
I can feel you next to me
As long as we breathe, I am not alone
You changed my life
In this world, everywhere I go
I can feel you next to me
As long as we breathe, I am not alone
You made me live forever
Without you...
